**STATEMENT IN SUPPORT OF PETITION FOR REVIVAL OF AN APPLICATION  
FOR PATENT ABANDONED UNINTENTIONALLY UNDER 37 C.F.R. § 1.137(B)**

Commissioner for Patents

Sir:

While checking with the PTO on the status of the above-mentioned application, it became known that that the application had become abandoned by failure to respond to a *Notice to File Missing Parts* dated August 14, 2003.

Petitioner respectfully requests that the above-identified application be revived because the abandonment was unintentional. More particularly, Applicant's undersigned representative and representative's firm never received the *Notice to File Missing Parts* and the non-receipt made it impossible for Applicant to respond at all, let alone in a timely fashion.

Applicant encloses herewith evidentiary exhibits to prove non-receipt of the *Notice to File Missing Parts* in accordance with the requirements of the USPTO. Applicant now explains the evidentiary exhibits and their relevance to a showing of non-receipt of the *Notice to File Missing Parts*.

As a matter of routine in the firm of the undersigned representative, every piece of correspondence from the USPTO is logged. The logging of USPTO correspondence is performed in an electronic database, and the data in the database is retained for a number of years. When a *Notice to File Missing Parts* is received, it is logged as "2 MONTH FORMAL MATTER".

Since the *Notice to File Missing Parts* was mailed August 14, 2003, and since the mailing address for the above-identified application is in Washington, DC, it is respectfully submitted

STATEMENT IN SUPPORT OF PETITION FOR REVIVAL  
USSN 10/601,200  
ATTORNEY DOCKET NO. Q76217

that the *Notice to File Missing Parts* would almost certainly have been received within one week (that is, within the period from August 14-21, 2003). If the *Notice to File Missing Parts* had actually been received, it would have been handled in accordance with the above-identified routine of logging the document. The logging of the document, if it had occurred, would be reflected in the electronic database and the data would still be available today.

A list of the logged USPTO correspondence documents has been prepared for the period beginning Thursday, August 14, 2003 and extending until Thursday, August 21, 2003. The list was prepared by submitting a computer query to retrieve from the electronic database all USPTO correspondence logged during each day in the August 14-21 time period, and has not been altered. This list is enclosed herewith and respectfully submitted as Exhibit A.

Exhibit A lacks any log entry pertaining to the *Notice to File Missing Parts* in question. Exhibit A shows that no *Notice to File Missing Parts* for the unintentionally-abandoned application was logged during the August 14-21, 2003, time period. Because Exhibit A shows that no *Notice to File Missing Parts* was logged, Exhibit A provides strong evidence to support the conclusion that the normal internal routine of logging was never performed because the document was not received at the firm of the undersigned Applicant's representative.

As a matter of routine in the firm of the undersigned representative, the receipt of correspondence from the USPTO such as a *Notice to File Missing Parts* triggers an internal procedure of docketing dates on which particular actions are to be taken with respect to the piece of correspondence. The docketing of due dates is performed in an electronic docketing system, and the docketed entries are retained for a number of years.

Since the due dates for action are based on the mailing date of the USPTO correspondence and not on the date of receipt of the document, the docketed due dates provide an avenue, for checking whether a document was received, independent of the aforementioned log of USPTO correspondence. The due dates for action are automatically linked, by the electronic docketing system, to the name of an attorney who is indicated in the system as the attorney responsible for the case.

STATEMENT IN SUPPORT OF PETITION FOR REVIVAL  
USSN 10/601,200  
ATTORNEY DOCKET NO. Q76217

Since the *Notice to File Missing Parts* was mailed August 14, 2003, the receipt of the document would have triggered the docketing of due dates for action. The due dates for action would have been based on the August 14, 2003, mailing date of the *Notice to File Missing Parts* and would have been linked with the attorney responsible for the case.

In the present instance, the attorney responsible for the case at all times was Mr. Darryl Mexic. Also, the docketed due date would have been October 14, 2003. If the *Notice to File Missing Parts* had actually been received, it would have been handled in accordance with the above-identified routine of docketing the document. The docketing of the document, if it had occurred, would be reflected in the electronic docketing system and the data would still be available today. When a due date for action for a *Notice to File Missing Parts* is docketed, the action due is indicated as "2 MONTH FORMAL MATTER".

A list of the docketed due dates for action for all of the cases for Mr. Darryl Mexic has been prepared for the period beginning October 11, 2003 and extending until October 14, 2003. The list was prepared by submitting a computer query to retrieve from the electronic docketing system all due dates in the October 11-14 time frame for all cases in which Mr. Darryl Mexic was the responsible attorney. The list has not been altered. This list is enclosed herewith and respectfully submitted as Exhibit B.

Exhibit B lacks any due dates pertaining to the *Notice to File Missing Parts* in question. Exhibit B shows that no *Notice to File Missing Parts* for the unintentionally-abandoned application was docketed for action during the October 11-14, 2003, time period. Because Exhibit B shows that no *Notice to File Missing Parts* was due for action, Exhibit B provides strong evidence to support the conclusion that the normal internal routine of docketing due dates was never performed because the document was not received at the firm of Applicant's undersigned representative.

On May 25, 2004, Applicant submitted a Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 C.F.R. § 1.137(B), along with Check No. 247732 in the amount of \$1,330.00.

STATEMENT IN SUPPORT OF PETITION FOR REVIVAL  
USSN 10/601,200  
ATTORNEY DOCKET NO. Q76217

A Petition to Revive was filed earlier for this same application, but the earlier-filed petition was dismissed because it was deemed that insufficient evidence was included with the petition, and because the required reply to the *Notice to File Missing Parts* was not filed with the Petition for Revival.

It is respectfully submitted that this Petition should be granted because Applicant encloses evidence sufficient to establish that the application went abandoned, unintentionally, due only to the non-receipt of the *Notice to File Missing Parts*. It is respectfully submitted that this Petition should be granted because Applicant encloses as an attachment the required reply and fees due based on the *Notice to File Missing Parts*. Applicant respectfully requests that this application be revived.

If any petition fee is necessary, it may be charged to Applicant's deposit account 19-4880.

Inasmuch as a petition fee was already paid in the earlier-filed petition, and inasmuch as the failure to receive the *Notice to File Missing Parts* was not the Applicant's fault, it is requested that any petition fee charged for this Petition be refunded, and it is also respectfully requested that the previously paid fee of \$1330.00 be refunded as well.

Respectfully submitted,

Kelly G. Hyndman
